Subject: [EXTERNAL] Oil drilling off Peninsula coast
Date: Saturday, November 13, 2021 12:08:04 PM

Dear SMC Harbor District Commissioners,

As a resident on the Peninsula I oppose allowing oil companies to drill and build platforms off our coast. The oil companies have yet to build structures and pipes that do not EVER leak. Spoiling our beautiful coastline is beyond imagining.

Please pass a resolution to oppose oil and gas drilling off our coast.

Thank you,

Valerie Baldwin
