Residents of San Mateo County

RE: Final Integrated Operating and Capital Budget for Fiscal Year 2011-2012

You have before you the Final Integrated Operating and Capital Budget for Fiscal Year 2011-2012 totaling \$9,395,496. We have worked hard to bring you a Final Budget that clearly reflects the needs and challenges of the District. The Harbor Commission has worked closely with staff in budget workshops and meetings to address the needs of both Pillar Pont and Oyster Point facilities and the District as a whole. This Final Budget is scheduled to be adopted and fixed by Harbor Commission action at the Harbor District Board Meeting on June 15, 2011.

Budgets Highlights

Revenue – Project Operating Revenue has been budgeted at \$3,664.700. This is an increase over projected current year-end operating revenue of approximately seven percent. Based on updated projections for revenue since the preliminary budget was drafted in February 2011, revenue for the current year will be higher than expected. This higher projection reflects the abundance of crab this season which resulted in a record breaking crab season. The Commission made a modest berth rate increase of three percent for the first time in three years to keep pace with inflation. Operating revenues are expected to increase with a slowly recovering economy and increased activity at the Harbor and Marina.

Non-Operating Revenues have been split into recurring Non-Operating Revenues (e.g. tax revenues and interest income) and non-recurring (other finance sources). Other Finance Sources include Capital Project Grants, Asset Sales, Cost Shares between agencies and Debt Services, such as new debt incurred or current debt repaid.

Non-Operating Revenue is budgeted at **\$4,196,000** for FY 2011-2012. This is comprised of **\$3,500,000** in Property Tax Revenues, \$75,000 in interest income, \$20,000 in other tax revenues and \$600,000 in SSF Breakwater reimbursement.

For FY 2011-2012, total non-operating revenue represents an increase of approximately seven percent or **\$312,000** over FY 2010-2011 project annual. This is primarily

because of the reimbursement for the SSF breakwater project. Otherwise, this would represent a decrease in non-operating revenue due to the decrease in Property Tax revenues.

Total projected cash-in is \$7,860,000; projected cash-out is \$7,617,996. This represents a projected increase in year in cash reserve of \$242,704.

Expenses

Projected Harbor Operating Expenses, excluding OPEB expense, interest expenses, depreciation and capital projects, are budgeted at \$3,565,550. This represents a decrease of \$543 thousand over FY 2010-2011 budget and an **increase of approximately \$251 thousand** over the FY 2010-2011 projected annual. These increases are mainly due to the projected increase in insurance premiums for workers compensation, insurance premiums and repairs and maintenance.

The District has seen a decrease interest expense for the Boating and Waterway loan due to the decrease in the outstanding loan balance.

Net Income – For the FY 2011-2012 budget, there is a **projected budget surplus \$242,704.**

This compares to last year's operating budget which projected a deficit of (\$444,144).

Capital Projects – Total funds budgets to be spent on Capital Expenditures in FY 2011-12 total \$1,742,546. This includes Carry-Over funds for capital projects and outlays budgets in prior years of \$1,218,288. The carryover is primarily due to \$110,000 Pillar Point Sidewalk Expansion, \$293,490 for the North HMB Shoreline Improvements, \$20,000 for the Dredge of the Pillar Point Launch ramp and \$397,697 Additional Berth Bulkhead, Haul-out and Dock Reconstruction. At Oyster Point Marina projects include \$165,000 for the District Share of Wave Attenuators and \$180,000 West Basin Power Center at Oyster Point Marina.

Cash – As of June 30, 2012, the District's projected ending cash reserves are budgeted to increase \$617,865 to \$9,730,945, versus the June 30, 2011 estimated ending cash of \$9,113,080. The June 30, 2011 projected ending cash reserve balance of approximately \$12,403,270 (based on Quarterly Investment Balance Report dated March 31, 2011). The June 30, 2011 projected ending cash reserve balance is comprised of Restricted Cash of \$8,927,554.60 and Unrestricted Cash of \$3,475,716.33. Restricted Cash includes: \$1,686,000 under the DBW Debt Service Agreement, a contingency for emergencies of \$600,000, security deposits and payables reserves of approximately \$870,000, OPEB liability of \$2,080,000, the new District

Administration office building reserve of approximately \$1.2 million, Capital Improvements Reserve of \$586,500 and other miscellaneous reserves.

The Future Outlook

Over the past several years, including 2011, decreases in the economy and nearly three successive years of salmon fishing season closure have created an environment in which operating revenues have not increased substantially. The District has been able to hold the line on expenses, which resulted in an increase of only \$22,000 in salary, wage and benefit expenses for FY 2011-2012, although there is an increase in benefit costs.

With Oyster Point Marina currently at 77% occupancy, staff is exploring ways to respond more positively to the San Francisco Bay market to increase Oyster Point occupancy. The District hopes that a vigorous promotional effort will continue to increase occupancy and revenues. However, the continuing sluggish economy and substantial regional marina vacancy rates will continue to create a challenge to efforts at raising Oyster Point occupancy.

Other revenue opportunities will be addressed when possible. For example, as old District leases at the harbors mature, the District continues to look for opportunities to improve lease terms to reflect the market. Reconfiguring docks to better accommodate vessel market demand is another possible approach being considered.

Should the District find opportunities for revenue increase greater than small past increases as well as continued cost control, the District may look forward to some self-funding of capital projects over the above annual debt service payments. As the District's outstanding loan balance falls, this will create additional borrowing capacity, should the District need to fund larger-scale capital projects such as dock reconfiguration. In the interim, the lower loan balance continues to decrease the District interest expenses due, and improves the District's fiscal position.

The Harbor Commission's Finance and Priorities workshop early in 2011, provided a solid basis for fiscal planning and updating our action priorities. The District has a framework to maintain and improve our harbors with confidence, as we move forward to address the challenges facing us.

Acknowledgements

The budget, as always, has been a team effort of the Commissioners, management staff, including former Director of Finance Julie Turner, Harbor Master Robert Johnson, Human Resources Manager and Acting Finance Director Marietta Harris, finance staff and myself.

Pillar Point Harbor

Fiscal Year Ending June 30, 2012

- 1. The salmon season was cancelled for all commercial and sport fishing in 2008 and 2009. The season was reopened for 8 days in 2010 with disappointing results. Operating revenues for FY12 are forecasted to increase by approximately \$140 thousand or 7%. Based on the most recent information, the salmon season is expected to improve in 2011. The sport season begins in April and the commercial season is expected to start May 2nd. It is unclear whether the results of next year's salmon season will have an effect on Pillar Point revenues.
- 2. Budgeted revenue from lessee rents and concessions is expected to increase as a result of new lease agreements and the economic recovery. Economists are forecasting an improvement in our economic climate and there is optimism that revenues will improve for this coming fiscal year. As the economy improves, it is hoped that foot traffic to the harbor and related patronage of the harbor and lessee facilities will increase.
- 3. Revenue from the establishment of Paid Parking is not currently included in the preliminary budget, but will be added at the time the project analysis is completed and a decision is made about the strategy for implementing a paid parking solution.
- 4. Grant monies received from Department of Boating and Waterways Grant for Abandoned Vessel Abatement are expected to continue to decline as a result of the State's ongoing budget crisis. Pillar Point will continue to remove and salvage abandoned vessels as necessary despite the lack of grant funding from the State. The District will consider alternative methods of cost recovery if/when grants are not available.

Oyster Point Marina/Park

Fiscal Year Ending June 30, 2012

- 1. Operating revenues for FY12 are projected to increase by \$70 thousand or 5%. This projection is the net result of increases in berth rentals and decreases in grant reimbursements.
- 2. For FY11, berth revenues are projected to be \$905 thousand, an increase of \$20 thousand over FY10. Revenues increased due to augmented occupancy and a reduction in uncollectible accounts. Berth rates have not been raised over the past four years. Occupancy in FY09 was 56% prior to the loss of berths from the dock removal. Occupancy was 71% in FY10 and is 74% in FY11.
- 3. Grant monies received from Department of Boating and Waterways Grant for Abandoned Vessel Abatement are expected to continue to decline as a result of the State's ongoing budget crisis. Oyster Point will continue to remove and salvage abandoned vessels as necessary despite the lack of grant funding from the State. The District will consider alternative methods of cost recovery if/when grants are not available.
- 4. FY12 budget includes an expected reimbursement for \$600 thousand from the City of South San Francisco for the cost of wave attenuators. The wave attenuators are required to mitigate wave action resulting from the breakwater reconfiguration that was completed in FY10.
- 5. There are no other revenue sources projected to be received for Oyster Point Marina/Park for FY12.

Pillar Point Harbor

Fiscal Year Ending June 30, 2012

- 1. For FY12, the Pillar Point Harbor budget for salaries and payroll related burden is expected to decrease by approximately \$12 thousand over FY11 projections not including OPEB expense (see #2). The District is working on plans to reorganize personnel which will result in operational efficiencies and lower long-term costs. The cost of living adjustment, based on the December 31, 2010 Labor CPI for San Francisco-Oakland-San Jose, is 1.8% for FY12.
- 2. The budget includes annual OPEB expense of \$200,000 based on the estimated accrued liability for employees who have worked 12 years or more for the District.
- 3. The FY12 budget for other operating expenses is consistent with FY11 projected expenses and FY10 actual expenses. In addition, efforts are underway to reduce insurance expense and solidify plans for contractual services.
- 4. Interest payments to the Department of Boating and Waterways (DBW) have been included in this budget at \$220 thousand as set in the Loan Agreement with the DBW.
- 5. Capital expenditures in the FY12 budget total \$937,546, of which \$853,288 are carryover funds from projects started prior to FY12. Current projects include additional upgrades to the fish buyers building, ongoing design and engineering for Perched Beach, sidewalk improvements for lessees, dredging for the launch ramp and completion of the study to improve Surfers Beach (aka North Half Moon Bay Shoreline). In addition there is \$20,000 allocated for the Marina Billings program conversion. All projects are carryovers from prior year and there are no new projects expected to be initiated in FY12.

Administration

Fiscal Year Ending June 30, 2012

- 1. For FY12, the Administration budget for salaries and payroll burden is \$13 thousand higher than FY11 projections. This increase is primarily due to an increase in CalPers contribution rates.
- 2. Annual OPEB expense is \$20 thousand.
- 3. Other operating expenses are budgeted to increase \$70 thousand over the FY11 projections. The budget for FY12 is consistent with prior year actual. Professional services are budgeted to increase due to an anticipated conversion of the District's harbor financial software in FY2010-11. Office rent is projected to increase.
- 4. Capital Outlay continues to be budgeted at \$21 thousand. This is the annual roll forward for potential computer hardware and software finance operating systems. For FY12 it is anticipated these monies will be used for any conversions that need to take place in the District's software and hardware systems.
